## OBSTETRICAL PATIENT ADVISORY

---

Effective November 1<sup>st</sup>, 2006, the physicians at Today's Women's Health Specialists will be delivering our obstetrical patients at **Chandler Regional Hospital only**. We will not be delivering at Banner Desert Medical.

Because of this change and our desire to continue to provide the highest quality of care to our patients, we feel that it is safest and in the best interest of our patients to limit our delivering hospital to Chandler Regional Hospital only. We have practiced at both Banner Desert Medical Center and Chandler Regional Hospital for over 23 years and feel that both hospitals are safe. A good majority of our patients are based in the Chandler area, and wish to deliver at Chandler Regional Hospital. Any patient having concerns about Chandler Regional Hospital, please talk to us. Clearly we are your advocates and we are the ones you are relying upon to be sure that things are appropriate for you. We will work with you to accommodate you in any way possible at the Chandler location. We look forward to continuing your care both in this and future pregnancies. Please feel free to contact us if you have any questions regarding this.

### CHANDLER REGIONAL HOSPITAL

- Excellent nurses and staff
- Fulltime anesthesiologist for epidurals
- State-of-the-Art Operating Rooms
- Larger, more comfortable delivery rooms
- Fulltime neonatal nurse-practitioner

***I have read the above advisory and agree to deliver at Chandler Regional Hospital:***
